General Class Policies:

To reserve your spot in a class or workshop, you may sign up online, call the shop during business hours at 203-421-6853, or stop by to pay. We cannot hold spots without payment.

We reserve the right to cancel or reschedule workshops and classes for any reason. Full refunds will be offered for the class fee and any machine rentals should this happen.

If you need to withdraw, please call the store at least 1 week prior to the beginning of class. Class withdrawals occurring less than 1 week prior to class cannot be refunded. Students who miss 1 or more sessions of a class that with 4 or more sessions total are eligible to receive 1 make up lesson per course. We reserve the right to schedule makeups around our normal schedule and combine makeup lessons when possible.

Sewing machine rentals are \$5/class session and must be reserved and also paid for in advance. If you are a beginner or have not sewn in a long time, you are required to take a \$25 discounted version of the private Meet Your Maker class before taking a class to ensure you and your machine are happy together; i.e., you remember how to use it, it still works and cooperates with you, and you are comfortable with it.

Waiver Requirement:

We take the utmost precautions to protect everyone working in our studio and care deeply that every moment here is a safe and fun one. As much as anything, we have found that a waiver is a good wake-up exercise to the realities of working as humans with sharp and hot objects. Therefore, you will be required to sign one for yourself and/or your child/children before you begin taking classes with us.
